

Branham Tabernacle

Brothers and Sisters,

I would like for the church to go to prayer for our Brother Collins, who was admitted to the hospital yesterday. The doctor's examination discovered several tumors throughout his body.

They could not operate on him last night as his body was simply too weak, but the Lord quickly came on the scene and gave our brother strength, brought up his blood pressure, and this morning they said he is in stable condition. How MERCIFUL our Lord Jesus is to His children. PRAISE HIS WONDERFUL NAME.

We most all know Brother Collins as the pastor of the Branham Tabernacle for many, many years, in which he always kept this Message before us. He has been a faithful minister for many decades, was a close friend to our prophet, and loves the Message with all his heart.

Let's come together and pray for our brother, as we KNOW our Lord Jesus is still Hebrews 13:8, the same yesterday, today, and forever. For we know that GREATER is He that is in our brother, than he that is in those tumors. Father, we lift our Brother Collins before You now, and ask You to perform a work in his body, for Your honor and glory, Amen.

May God bless you,

Brother Joseph
